

# 2019 Hunter's Catalog

COMPILED BY  
ANN WERME GROUP  
YOUR BEST SOURCE FOR GEAR

## *From the Editor...*

At last, hunting season in Texas is just days away. It's time to find all of your hunting gear (hopefully everything still fits) and get organized. To get ready head out to the American Shooting Center to "bust some clays" and then "shoot your rifle in" to make sure it is dead-on.

There is no way that we could show in our catalog all of the paraphernalia that's out there, but this catalog is fun to view and is a reminder guide to get you ready.

Again, I want to stress snake safety especially to all of our bird hunters. With the wet spring that we enjoyed, one of the side effects will be increased

encounters with rattlesnakes. **DON'T FORGET YOUR CHAPS.** Truly the best chaps on the market are the Turtle Skins Total Protection Snake Chaps. These are the lightest, softest snake chaps and are constructed from a patented super-tight weave of high-strength ballistic fibers and polyester that will give you many years of comfortable, flexible protection.

Here's to Good Hunting with family and friends,  
Rusty

***Don't forget to purchase your 2019-2020  
Hunting and Fishing License  
Available

It's the law...

anyone born after September 1, 1971 "who hunts in Texas"  
is required to have completed the "Hunter Safety Education Course".

The items in this catalog are just a few that we can logo with your company name or personalize for hunting events or gifts.
