Spot & TouchTool Kit

KeyFinder & Tool to Reduce Exposure to Germs

Spot & TouchTool Kit

This kit combines two practical products that each make great "take-me-everywhere" items. Spot is a Bluetooth finder that, together with an app on your phone, helps to locate misplaced items. TouchTool reduces the need to touch potentially germy public surfaces like door handles and buttons.

Find it.
Together with the Spot app, locate misplaced personal items like your keys.

Don't Touch it.
Use the tool to open doors and push buttons to avoid touching public surfaces.

Includes full color imprint on each items
Setup $93.75
